

# OUTSTANDING TEACHER PROGRAMME

Designed to develop consistently good or borderline outstanding teachers and support them in their journey to becoming outstanding practitioners.

Prospective participants will have a minimum of two 2 years of teaching experience, deliver consistently good lessons with the potential to become outstanding and will be reflective individuals who want to improve their practice.

The ten sessions will include: lesson observation, questioning, assessment, differentiation, coaching and mentoring. There will be gap tasks to complete between sessions and time to reflect upon and develop professional learning and practice.
