Transform your teaching of early reading and writing

A comprehensive literacy programme for children between the ages of 4 and 9 learning to read. Our trainers know how to get every child in your school reading. Our core purpose is to give you the skills and confidence to do this too.

Why are the two days of training essential?

- We demonstrate the reading, writing and spelling process step-by-step
- We ensure that speaking and listening is at the heart of teaching
- We examine footage of real lessons
- We help you practise and prepare before you teach
- We demonstrate consistent management strategies that speed up progress and ensure participation
